

WAYNE SKYHAWK NEWS
MARCH 1975

The meeting scheduled for March 7 was cancelled because of the Pittsburgh convention, and rescheduled for March 14. The March 14 meeting was cancelled because of bad weather. Here is a list of the meetings and launches for the near future:

Friday	April 11	meeting	8:00
Sunday	April 13	launch	2:00
Friday	May 2	meeting	8:00
Sunday	May 4	launch	2:00
Sunday	May 18	contest	2:00

* Note- The meeting scheduled for April 4 is moved up a week.

At the February 7 meeting the following things were accomplished:
Passed out Skyhawk rocketry manuals
Passed out free notebooks and flight data sheets
Collected dues and recieved membership cards
Drag parachutes were sold
Passed out question sheet
Decided on a contest between clubs

At the April 11 meeting the following things are going to be accomplished:

Discuss contest between clubs

Continue to collect dues

pass out manuals

pass out free notebooks

Show cineroc movies, slides, and the comercial we filmed

Go over question sheet

Take sizes for free 4-H shirts

Discuss new club projects

Vote on new meeting room

Be sure to make a note of your shirt size, so that we can order 4-H shirts for all our regular members.

The Wayne Skyhawks are going to have a club patch made. The patch will be 3" in Dia., 2 colors, and cost 29¢ each. Ideas for what should be on the patch will be brought up at the next meeting.

The Estes 1975 catalog has been printed, some of their new models are the Starship Enterprise, Klingon battle cruiser, and Honest John maxi-brute.

The magazine you probably received in the mail from Centuri is the 1975 Centuri catalog.

The 10th annual Spring Pittsburgh rocket convention was held on the weekend of March 7-8-9, 1975. Your club leader Ken Montanye attended this convention.

The officers of the Montville rocketry club will attend the April 11 meeting. They will not only help us with organizing a contest with other clubs, but also will bring films on rocketry.

Spring contest May 18, 1975

Events:

1. "B" eng. booster/"A" eng. top stage parachute duration
2. "A" eng. Gyroc duration
3. Evel Knievel (open) duration
4. "D" eng. egglofting (single egg) duration
5. "B" eng. drag chute duration

* We will vote on having this contest between ourselves or having other clubs participating in it also.

For those of you who don't have a valid rocket engine license, mail \$2.00 to the N.J. Bureau of Engineering & Safety, Mine Safety Dept., 1100 Raymond Blvd, Newark, NJ 07102

The Wayne Skyhawks are now in search of a new or second meeting place, where tables will be available. Besides discussing club business at the meetings, you will also be able to bring your models and construct them.

Due to the limited space in our meeting room, and the threats made by the janitor we may no longer be able to hold meetings at Fairleigh Dickenson.

Both fire houses and churches charge about \$25 an hour to use one of their rooms. The Wayne Public Library has a convention room (about 5 times the size of our room) where we could get in free as long as the library is open. After 9PM and on weekends it costs \$5 an hour. The room is carpeted, has chairs and tables, a black board, and a screen for movies. We will decide upon whether or not this room will be used, at the next meeting.

The Federal community funds for Wayne will either be used to extend Valley road or Church Hill lane to Burdan Ave. If they decide on extending Church Hill lane the road will go around Wayne Hills Mall and right through our launch site. Construction on either road will begin sometime next year.

We should not only be looking for a new meeting place but also a new launch site, not just because of the Church Hill lane extension, but also because of motorcycles, high winds, and small stickers in the fall. A possible new launch site might be behind Wayne Hills H.S.

John Boguoz
Skyhawks President

1975 Membership and Phone List

Ken Montanye, Leader	838-4389
John Bogucz, Pres.	694-4411
Joe Walmach, Vice Pres.	694-6942
